

What is MyChip?

MyChip is a premier Personal Timing Chip from ChampionChip, which uses radio frequency identification system (RFID) for fast and accurate race timing.

Do I need to purchase a MyChip for New Balance REAL Run 2010?

No. All participants for the New Balance REAL Run 2010 will be provided with a disposable ChampionChip (white in colour) that can be found in the Race Entry Pack.

What benefits do I enjoy with my own MyChip?

- The most effective and reliable mass timing system in the world.
- Can be used at all ChampionChip events worldwide.
- Discounts at all ChampionChip events in Singapore.
- No batteries required.
- No need to rent chips from Organisers*.
- Shockproof and waterproof timing chip for all weather.

** For all ChampionChip Timed Events Only.*

How do I collect my MyChip after my purchase?

Participants who purchased a MyChip during their New Balance REAL Run 2010 registration can collect their MyChip in exchange of the disposable ChampionChip (white in colour) found in their Race Entry Pack during the New Balance REAL Run 2010 Race Entry Pack Collection from 1 – 3 October 2010 at Velocity @ Novena Square, from 10am to 8pm.

Do I collect my MyChip at the same counter for collection of my Race Entry Pack?

No, there will be a separate counter for collection of MyChip, which is managed by ESG Timing – ChampionChip, the distributor of MyChip. You will need to produce your Confirmation Slip (contains information of your purchase) and your Race Entry Pack for verification purposes.

Do I get a rebate after I collect my MyChip and return the unused disposable ChampionChip (white in colour)?

Yes, a SGD\$2.00 rebate will be given to you immediately upon the return of the unused disposable ChampionChip from your race pack.

Where can read more about MyChip?

You may visit www.esgtiming.com or call 6272 2911 and ask for the Timing Team for more information.
